DE&T'S KEVIN AUBRY RECEIVES ENGINEER OF THE YEAR AWARD

WEST PALM BEACH, Fla...Dunkelberger Engineering and Testing, Inc. (DE&T) is pleased to announce that Kevin E. Aubry, P.E. was recently honored and recognized as the 2006 Engineer of the Year at the 19th Annual Engineers in Government Night. The annual event, held by the Florida Engineering Society (FES) and Palm Beach Chapter of the American Society of Civil Engineers (ASCE), started in 1989 and honors engineering professionals who practice in the government sector and excel in the community through leadership and volunteer contributions.

Aubry has been an ASCE member since 1987. He has more than 26 years experience as a geotechnical engineer, including the last seven with DE&T. A shareholder and geotechnical services manager in DE&T's West Palm Beach office, Aubry specializes in earthwork and underground components of civil engineering projects for the firm. He has worked on a very diverse range of projects for Palm Beach County, the South Florida Water Management District (SFWMD), the School District of Palm Beach County as well as private sector land development clients.

Prior to joining DE&T, Aubry served as a staff engineer in Denver, Colorado for Woodward-Clyde Consultants and In-Situ, Inc. He also served as a geotechnical department manager for Professional Services Industries, Inc. located in West Palm Beach and for Dames & Moore as assistant resident engineer for the SFWMD Stormwater Treatment Area 2 project.

-more-

Aubry is a registered professional engineer in the State of Florida. He received his Bachelor of Science degree in civil engineering from Clemson University and his Master of Science in civil (geotechnical) engineering from Utah State University.

Founded in 1994 by Douglas S. Dunkelberger, P.E., DE&T is a full-service, professional engineering firm specializing in geotechnical (soils/foundation) studies, construction materials testing/inspection, building code plan review/inspection, and site environmental audits/assessments. DE&T's offices in Fort Lauderdale, Port St. Lucie, Sarasota, and West Palm Beach are each equipped with soils and materials testing laboratories. With a staff of nearly 125, DE&T's clientele includes both public and private entities.
