Dunkelberger Engineering & Testing, Inc. Names Sarasota Branch Manager

WEST PALM BEACH, FL ... Dunkelberger Engineering & Testing Inc. (Dunkelberger) is pleased to announce that Scott Parrish, P.E. has been promoted to Branch Manager of the Sarasota office. Scott, a 2003 graduate (B.S.-Civil Engineering) of Tri-State University in Indiana, has been with Dunkelberger for 6 ½ years. His notable local projects include design geotechnical services for the Bill Evers Reservoir in Bradenton, Golden Gate Boulevard improvements in Collier County, and design through construction side services for multiple infrastructure projects at Port Manatee.

Scott is the incoming President for the Myakka County Chapter of the Florida Engineering Society (FES) and has been the Chapter's Mathcounts Program Chair for the past four years. He is a participant in the Florida Engineering Leadership Institute class of 2010 and also a member of the American Society of Civil Engineers (ASCE).

Scott is married to Suzanne, enjoys playing golf and is a life-long Notre Dame fan.

"I'm grateful for the opportunity and we have a great group of committed employees in the Sarasota office," says Scott. "I'm looking forward to working together to become prominent both in the marketplace and local community as we continue to serve our loyal client base."

The firm's clientele includes both public and private entities. Dunkelberger offices include Construction Materials Engineering Council (CMEC) certified and United States Army Corps of Engineers (USACE) validated laboratories. For additional information call 561.689.4299, or visit our website at www.dunkelberger-engineering.com
