Dunkelberger Engineering & Testing, Inc. Services Canaveral Port Authority

WEST PALM BEACH, FL ... Dunkelberger Engineering & Testing Inc. (Dunkelberger) has been selected by the Canaveral Port Authority (CPA) to provide geotechnical engineering services under an annual continuing contract renewable for up to five (5) years.

“The Canaveral Port is in a unique geologic setting and is an opportunity for interesting and challenging engineering work,” says Craig Dunkelberger, P.E., Principal-in-Charge of the contract. “We’re excited about that and look forward to working with a great staff at the Port.”

Dunkelberger is a full-service, 70-person professional engineering firm that has been providing geotechnical services to public entities such as the CPA since their inception in Port St. Lucie in 1994.

Dunkelberger offices include Construction Materials Engineering Council (CMEC) certified and United States Army Corps of Engineers (USACE) validated laboratories. For additional information call 561.689.4299, or visit our website at www.dunkelberger-engineering.com
