**DUNKELBERGER AWARDED BIOMEDICAL CLASSROOM INSPECTION**

**BOCA RATON, FL ...** Dunkelberger Engineering and Testing, Inc. (Dunkelberger) is pleased to announce that Florida Atlantic University (FAU) has selected their firm to provide the code review and inspection services for the electric, plumbing and building components of the FAU Biomedical Building No. 71 Classroom Renovation. The classroom is part of the Charles E. Schmidt Biomedical Science Center, a 95,000 square foot facility that was designed specifically to house the FAU biomedical science program and the UM-FAU regional medical campus. This award marks the thirty-third assignment for Dunkelberger under their current Code Review & Inspection Services Contract with FAU, covering all seven of FAU's campuses (Boca Raton, Dania Beach [Sea Tech], Davie, Ft. Lauderdale, Harbor Branch, Jupiter and Treasure Coast).

"We are very appreciative of the opportunity to provide these services to FAU and honored by the trust that they have in us. I really have to give credit to my inspection staff for the work that they've done for FAU", stated Dunkelberger's Executive Vice President Michael J. O'Connor, P.E.

Founded in 1994 by Mr. Douglas S. Dunkelberger, P.E., Dunkelberger Engineering & Testing, Inc. is a full-service, professional engineering firm specializing in geotechnical engineering, construction testing, building inspection, and environmental assessment services. With a staff of 62 and four office locations (Fort Lauderdale, Port St. Lucie, Sarasota, and West Palm Beach), the firm's clientele includes both public and private entities.
